Investigation of Stege Junction Fight This Evening

BANDITS OPERATE IN ALBANY

ROW OF TWO CITIES WILL BE PROBED BY THE COUNCIL

After but little discussion, the council last evening set tonight at 7:30 as the time for the hearing into the details of the trouble that took place at Stege Junction a little over a week ago, in which Police Officer Messenger was severely beat up.

A communication signed by Marshall A. H. MacKinnon and City Treasurer J. Frank Walsh of El Cerrito was read. They asked that the conduct of Police Officers H. A. Messenger and Charles Cerofino and Chief of Police W. H. Wood be investigated, claiming that arrests were made outside of the limits of that city, and that their conduct was unbecomingly an officer.

Three communications were also read from Mrs. J. C. Osborn, in which a number of questions were asked the council, in relation to the arrests of boys that were made, but no direct charges were made.

City Attorney H. J. Wildgrube of the city of El Cerrito, after the communications were read, stated that it was an unusual proceeding for Richmond police officers to come in to El Cerrito and make arrests, but they did not blame the officers, did blame the chief of police.

City Attorney D. J. Hall vouchsafed the statement that it was his opinion that charges should be filed, as the proposed proceeding was a bit out of the ordinary, but when City Attorney Wildgrube replied that there was some law the Richmond attorney did not know, Mayor Garrard stopped the personal colloquy.

Chief of Police Wood and Officers Messenger and Cerofino state they are ready to meet the issue, the chief asking the officers were but carrying out work for the department for which they had been detailed.

A group of El Cerrito people were present last evening, but it is expected the council chambers will hold capacity crowd tonight.

W. W. Planning to Receive Executive Committee Oct. 17

The meeting last evening of Log Camp, Woodmen of the World, it was announced that the Alameda county executive committee will come to the Richmond for the meeting on October 17. A committee, consisting of Baznik, H. B. Hollenbaugh, J. Black, and E. L. Thels, was asked to make arrangements for meeting.

An executive committee will hold winter party at the Fulton Theatre, Oakland, on October 20, it was announced, and a number of local members are planning to attend.

E. Lusk, head consul of the W. O. W., will be present at a meeting of Oak Camp on October 30, and arrangements will probably be made for some of the local members to be present, although the date is on the night of the local camp.

Garages Are Again Brought Up in Council

"Garages" came up for discussion again last night at the meeting of the council, and City Attorney D. J. Hall submitted two rough drafts of proposed amendments to the present building ordinance.

One of them would provide that where a private garage is built in connection with a residence and the owner intends to rent space, that its capacity shall not be for more than two machines.

The other amendment would relate to apartments, and would allow garages to be erected so that each tenant could rent a space.

Councilman J. N. Long suggested that a provision should be incorporated in the ordinance which would prevent property owners from erecting garages on the sidewalk line, and thus ruining adjacent property.

All of these matters will be taken up and discussed at some future meeting of the council.

Plans of New Warehouse to Be Taken up

Thursday afternoon at the city hall there will be a special meeting of the city council at which the completed plans and specifications for the superstructure of the new municipal warehouse will be taken up and considered.

The blue prints were submitted last evening by City Engineer H. D. Chapman, but on account of many other matters, no consideration was given them at that time.

Without doubt the plans will be adopted Thursday, when bids will be asked for the work, so that there will be no delay in the finishing up of the new warehouse.

Crockett Man is Held for Shooting Hunting Companion

Dick Williams of Crockett has been held on a manslaughter charge in connection with the death of George Staton, a member of the San Francisco police department, who was killed by a shot from Williams' gun as the two were shooting ducks in the tules near Benicia.

Williams said the shooting was accidental. He said that he and Staton, who were friends, were hunting from a boat and were firing from a sitting position. As the ducks started overhead, Williams said, Staton became excited and rose up in the boat directly in line of Williams' fire. The charge from Williams' gun hit Staton in the back of the head, tearing off the top of his skull.

Williams has been a resident of Crockett and other towns in Contra Costa county for some time, and is well known in the county.

Pittsburg Paper Sold to C. A. West

The Pittsburg Dispatch has been sold to C. A. West, formerly editor and owner of the Ukiah Republican Press. A. P. Bettsworth, the former owner, will take a long rest before resuming business elsewhere, he announced. The new editor has taken possession.

SURE!

(Crockett Signal)
"A radiogram has been drawn down out of the upper air to the effect that the big town of Richmond is tired of playing a political second fiddle to Martinez in the matter of the government of the county of Contra Costa."

"It has long been an axiom in the county that Richmond would not stand behind its own, when it came to running for county officers; and as a consequence nobody has ever been much afraid of a Richmond candidate for county office. It is true that now and then, a Richmond man has been elected; but it has not happened often, and the Richmond man has never become a fixture for any considerable period of time."

"Well, Richmond it is said, is going to stop that sort of thing. Richmond is going to get together. And the story drawn from the air is to the effect that Richmond has served notice that it is going to have a candidate in the primaries for every vacant county office next year; and is going to get behind its men and try desperately to put a Richmond ticket over."

"This is not only because Richmond is weary of the second fiddle thing. There is another reason—and a very good one. The salaries of county officials have all been raised for the next term. That makes the county officers' worth going after. Moreover, Richmond wants to see some more activity."

"And, all that being true, there promise to be some very pretty battles in the primaries. Of course it may be said that it is too early yet for political activity; but the Martinez fellows do politics all the time, say the Richmond workers, so why should Richmond men hold off, and, as a matter of fact, why should they? If we are to have candidates—and we are sure to have them—why not discuss them and their qualifications early and publicly, instead of carrying on a long campaign in whispers behind closed doors? As the people elect, the people want to know."

"Moreover, as all salaries have gone up; from Sheriff to Constables, there will be fights this time."

Young Ladies Will Organize Y.W.C.A. Here

The young ladies making up the membership of the One Minute Girls have temporarily disbanded, with the object in view of organizing a Y. W. C. A. in Richmond.

An investigating committee consisting of Miss Winifred Conwell, Mrs. Myrtle Harlow, Miss Virginia Bryant and Miss Mildred Nesbit will go to Oakland next Friday night and meet the officers of the Y. W. C. A. of that city and see what aid can be extended Richmond, and also the steps necessary for the formation of the new organization.

Next Monday night the committee will meet with the officers of the One Minute Girls, at the home of Miss Nellie Farler, at 116 Cottage avenue and make a report of their trip to Oakland.

BUILDING PERMITS FOR SEPTEMBER NEAR \$30,000

The report of Building Inspector L. Wierda, filed with the Council last evening, showed that building permits had been issued during September for buildings representing a value of \$28,805.

HIGH BIDS FOR SECOND STREET IMPROVEMENT CAUSES DELAY

The bids that were received by the council at its meeting last evening for the improvement of Second street were considered so high that they were laid over and the property owners will be asked if they desire to have the work proceed. According to the bids received, it will cost the owner of a 25-foot lot \$240 and a broadside lot \$520.

The bids received all ranged very close to each other, and were as follows:
L. L. Page \$25,980.00
P. W. Bilger 24,718.79
S. C. Rogers 25,769.33
Municipal Improvement Co., 24,342.32

The bids were for asphaltic concrete and also included the curbs, gutters and sidewalks.

Street's Closed.
A resolution was adopted closing Forty-first, Forty-second, Forty-third and Beach avenue in the Stege section. These streets are but little used and are in the industrial section.

Bay View Avenue.
Plans and specifications for the improvement of Bay View avenue were laid over for one week. The engineers estimate for the work was \$7.38 a foot. The city engineer and city manager will interview the property owners during the week, and ascertain their wishes.

Wall Avenue Work
Fred Meyers, who has the contract for the improvement of Wall avenue, reported to the council that he had appointed H. L. Smith as inspector.

Forty-First Street.
A petition for the improvement of Forty-first street, from Florida to Ohio was referred to the city engineer and the street committee for one week.

Plans for Dance Discussed at I.A.M. Auxiliary Meeting

Plans were discussed for holding a dance some time in the near future at the meeting last evening of Richmond Lodge, Ladies' Auxiliary to the machinists' union.

The close of the membership contest was postponed to October 17, the next regular meeting night of the Auxiliary.

Plans also began to take shape at the meeting last night for the Children's Night, which will be a Christmas party for the kiddies of the machinists. Special provision will be made for the children of the machinists who may be in straitened circumstances because of industrial depression.

SMITHS ARE PARENTS OF 12-POUND INFANT SON

Mr. and Mrs. Al Smith of Sixth street are receiving the congratulations of their friends on the birth of 12-pound baby son. Smith is a Standard Oil employee.

POLICE JUDGE REPORT

Police Judge C. A. Odell's report for September, filed with the council last evening, showed that 149 had been collected in fines, and that 29 cases had been tried.

Officers of Ladies' Legion of Moose are All Retained

Nomination of officers for the coming year occupied the attention of the Richmond chapter of Women of the Mooseheart Legion last evening. Nearly all the officers chosen were former officers unanimously asked to retain their offices.

The officers of the chapter now are: Senior regent, Mrs. Marie Kelly; junior regent, Mrs. Dora Farnell; recorder, Mrs. Clara Barry; treasurer, Mrs. Emily Wright; chaplain, Mrs. Valie Schooler; organist, Mrs. Lillian Blake; guide, Mrs. Eliza Martin; sentinel, Mrs. Luella Connolly; Argus, Mrs. Lillian Jansen; past regent, Mrs. May Donnelly.

Following the business session of

the lodge, a whist party was held for the members and their friends and families. It was the first of a number of parties this organization plans to give, and also the first whist party the chapter has held, having been so recently organized. It was therefore all the more auspicious for the party to have met such unqualified success as it did. The hall was crowded with the numerous tables set up.

Prize winners at the whist party were: Mrs. Lillian Blake, first; A. Rhodes, second; Mrs. H. H. Turley, third; Joseph Finck, fourth; George Farnell, fifth; Mrs. Lucy Alexander, sixth; Mrs. Peters, door prize.

Richmond People Elected to Offices at C.E. Convention

The thirty-first annual convention of the Christian Endeavor Union of Contra Costa county at Danville on Saturday and Sunday proved to be a very enjoyable time for the thirty Richmond representatives who attended. Martinez was selected as the meeting place for the next convention.

The new county officers that were elected for the coming year were: President, John D. Rowden, Richmond; first vice president, James Muir, Pittsburg; second vice president, J. M. Barber, Concord; third vice president, V. D. Brammer, Richmond; secretary, Myrtle L. Spires, Richmond; treasurer, Sarah Young, Pittsburg.

Danville, quiet hour chairman, J. M. Barber, Concord; missionary chairman, Irvine Gilbert, Walnut Creek; look-out and extension chairman, C. A. Lookwood, Concord; efficiency chairman, Miss Leda Shaw, Martinez; intermediate superintendent, Mrs. Sanderson, Martinez; junior superintendent, Miss Baker, Pittsburg; prayer meeting chairman, Sara Spires, Richmond; evangelistic chairman, Mr. Deaver, Pittsburg; recreation chairman, Rebekah Hester, Martinez; introduction chairman, Dorothy Whitham, Walnut Creek; transportation and publicity chairman, James Muir, Pittsburg; tenth legion, F. H. Kilgip, Pittsburg.

Supervisors Let Contracts for Numerous Jobs

Several contracts were awarded at the meeting yesterday of the County Board of Supervisors, including the installation of a heating plant at the county hospital at Martinez, construction of new walks around the court house, and highway work.

Pickard and Edwards, contractors of Oakland, were awarded the heating plant contract for \$8890. Tony Albi, a Martinez contractor, was awarded the contract for the court house sidewalks. His bid was \$1113.77.

T. E. Clich was awarded a contract for the construction of a retaining wall adjoining the highway at Valona, his bid being \$773.57, and Mrs. Ellen O'Brien was awarded a contract for grading a portion of a street in Crockett, for a bid of \$1812.50.

The supervisors rejected bids for the installation of a burglar alarm system in the county treasurer's office.

1st Degree Put on by Eclipse Lodge

The first degree was put on last evening by Eclipse Lodge No. 403, I. O. O. F., in a most pleasing manner, following which the lodge enjoyed a smoker, arrangements for which had been made by Joe Turner.

Plans were made for the lodge to go in a body to visit the Odd Fellows home at Gilroy on Sunday, October 9. Quite a number of the members are expected to make the trip.

SOUTH RICHMOND CLUB

The South Richmond Improvement club will hold a meeting Wednesday afternoon at the club house.

THUGS BEAT VICTIM AND GET MONEY

An unknown man, bleeding freely from numerous cuts and other signs of a hard beating, entered the Richmond police station early this morning and complained that he had been held up and robbed while walking through Albany. Three men, whom he described to the police, took a considerable sum of money and his watch from him and gave him a severe beating in the bargain.

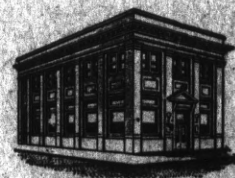

Two officers of the police department went out to Twenty-third and Pullman and stopped the cars passing through to learn if they had carried such men as the described bandit gang. The crew of a car which passed through Albany at 1:10 said that three such men had ridden toward Richmond on the car and got off at Stege Junction. From there they could have walked about a half mile or so toward the scene of the robbery, near the county line.

With this clue the police redoubled their efforts, and were still searching at the hour of going to press. The possibility is entertained that this a part of the same bandit gang which has been terrorizing the East Bay section.

The complainant did not give his name to the police. The Berkeley and Oakland police were notified.

OFFICIAL PAPER CITY OF RICHMOND

THINKOGRAPHS by F. J. HULANISKI

THE ROOT OF ALL EVIL

We have all decided that Germany was to blame for starting the world war, but why did she start the war? What was the basic reason behind it all? The answer is plain—human greed and selfishness. It has been said that "money is the root of all evil," but why is it? Back of the desire for money is that same deplorable trait—human greed and selfishness.

How many of us are immune from this trait? Every man who profits; every man who takes advantage of or swindles his fellow man; those who obtain money or its equivalent by deceit or misrepresentation; all who covet the possessions of their neighbors, and seek to obtain them for themselves by means not just and honest; all these things and thousands of others are because of greed and selfishness, and every time we practice it we are in a measure helping to increase and perpetuate that damnable world's curse which brought about the war.

If you bring up your son in a business way so that he will cheat his fellow man you are perpetuating that curse of greed and selfishness, which is sure to bring about more wars and more wrongs in the future. To kill this evil effectually we have got to get right down to the root of it, and while we have Germany a good thrashing for its display of greed and selfishness, unless we dig out the roots of the cancer and dig it not only out of Germany, but out of everybody else, including ourselves, the sore will break out again, somewhere, somehow, some time, and poison the whole system. And it is not at all unlikely that it will break out afresh at the coming disarmament meeting, for selfishness and greed of nations is going to be manifested there. We doubt very much that any permanent disarmament agreement will be entered into.

The devil has sent a wicked wind
To blow the skirts knee-high,
But the skirts were already up to the knee
And nobody batted an eye.

It is called the middle class largely because it is continually between the devil and the deep sea.

Most of the magazine stories about triumphant cave men are written by a small, bald, henpecked gentleman with pale and discouraged whiskers.

Among the first things a man learns after he gets married is that he is in a habit of snoring.

A Scotch professor says this earth is eight billion years old. Well, then, maybe the worst is over, for likely the first eight billion years would be the hardest. Just as like as not in another billion or two we may all know something.

Unless something is done to curb the rent hogs, we can see where the triffy example of Mr. Diogenes, who lived at Corinth, Greece, in a tub, will have to be emulated in this country. We went out with a auto searchlight to see if we could find an honest landlord, and there was no such thing findable.

Too many of us get it into our heads that "the Lord will provide," and so we slack on the work. The Lord will provide, all right, but what he provides is the muscle with which to work for what we need.

According to the divorce records, it is quite possible for a very pretty woman to have a very hot temper, and therefore while a thing of beauty is not a joy forever.

Capital, labor, employer and employee are all at deep sea and all in the same boat, so there is only one thing to do, and that is for each to bend to the oar and all pull together. Otherwise they will go round in a circle and get nowhere, but maybe get swamped.

The Southern states are feeling better now, since the prices of both cotton and tobacco are sliding upward, and it is well, for the South was hit hard, especially on cotton. And those of us who chew plug will continue to find a place to spit, price or no price.

ABOUT STOCK MARKETS

Stock tickers are now installed on European steamers and wireless telegraphy sends the ups and downs of Wall Street, so you can walk the tick and still make a million, or go broke, as the case may be—most likely the latter. We took a sifter on Wall street stocks once, and since then have let them severely alone, on the same theory that the baby shies off from the hot stove upon which it once laid a trusting hand. Present indications point to the street taking a lively interest in things political all over the country, as indeed it always does, putting up campaign funds for various "bosses," and obtaining financial concessions from the government later in payment. Our government is borrowing money in large lots right now, and paying Wall street manipulators large concessions on it, instead of issuing its own bonds without commissions. We don't savvy the market talk any too well, but it sounds something like this: Upon reports that the steel trust would not support the harvest trust at the next Congressional election, the beef trust got mad and threatened to swear off smoking, to get even with the tobacco trust. Smoked meats immediately went up seven points. Then all the off trusts flocked in, prices cheered for 37 minutes and pandemonium reigned, turning to hail.

Next the railroad trust threw a monkey wrench into the Ford steering gear by threatening to start a third party, and maybe a fourth and fifth. This rattled the railroad trust so that it started to raise rates, but the coal trust beat them to it. Prices showed a tired look, with dark circles under the eyes, and for the next hour everybody tried to make money regardless of whether the world was safe for democracy or Democrats or not. The banking trust has a grouch, because while it has several members in the cabinet the other trusts have two to their one in the Senate. Thereupon they trotted out the bank statement of the country and pointed out that it looks a little spavined in its off hind fetlock. The market closed strong, with everybody convinced that the rich must be protected, and the poor, dodgast their hides, can rustle, as usual.

A Boston sculptor has just been fined \$10 for carving a statue on Sunday. If he had carved a turkey or a roast it would have cost him more than that.

"What are the Classics?" asks a reader. Classics? Why, er, they are the things you buy for a dollar down and a dollar a month.

Every time the clock ticks a dollar comes to Rockefeller, by which it can be seen that it pays to keep a clock well oiled.

THE STOMACH AND THE BRAIN

Apparently boys and men are maturing earlier than formerly, but it depends a great deal upon the man, his stomach and his brain. Now, Mr. Methuselah, for instance, did not do his best work until he was around 850 or 900. William Pitt, who lived in comparatively recent times, was prime minister of England at 23, but didn't do anything afterward. A man with a superior stomach and an average brain will be going strong at 80, while a man with a superior brain and a bum stomach may have to do his best work before 40. Cato learned Greek at 80. Henry James and Bernard Shaw had not learned good English at 70. Bryan was a wonderful politician and orator at 25, and look at him now. Some men develop into pale blue asses in early youth and never get over it. Taft was born interesting, but he wouldn't make a good politician if he attained the age of Methuselah. When science gets so it can graft brains on such a stomach as Fatty Arbuckle has the problem may be solved, and in the meantime we acknowledge that he don't know anything about it.

The President and Senate have achieved a patched-up peace with Germany, but can't even get that much with Borah.

Sages tell us that the best way to get the most out of life is to fall in love with a great problem or a beautiful woman. We should guess that the best way would be to choose the latter, and thus get both.

Beautiful Gowns

Feature of Film at Theater Today

The gowns worn in the 1860 period of "Milestones," the new Goldwyn picture, which comes to the Richmond T. & D. Theater today, were copied from old copies of the London Illustrated News of that period. They were all made especially for this picture in the designing and dressmaking shops at the Goldwyn studios in California.

High choker collars for the men and hoop skirts for the women characterize the scenes. Some of the women found considerable difficulty with their hoop skirts at first, but Miss Hollister, who plays the part of Gertrude Rhoad, was right at home. She had previously acted in pictures calling for hoop skirts.

Miss Hollister is well known to film fans through her admirable work both abroad and in this country. She returns to the screen in "Milestones," after an absence of two years on account of illness.

Beautiful evening gowns are worn by the women of the "Milestones" caste during the scene showing the golden wedding celebration of Mr. and Mrs. John Rhoad. Corrae Kirkham, who plays "Muriel," is attired in a lovely gown of pink chiffon, which has a jacket effect of lace trimmed with silver.

Alice Hollister, as "Gertrude," wears emerald sash and lace. Mary Alden, who plays "Rose," looks charming in a soft gown of gray.

Sage and Sulphur Darkens Gray Hair

Brush this through faded, streaked locks and they become dark, Glossy, Youthful

Almost every one knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago, the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time, by morning the gray hair disappears, and after another application or two your hair becomes beautifully dark, glossy and attractive.

received this on the afternoon of August 17th. Several fellow passengers told me that, while on shore at Pago Pago, they were informed by some of the naval officers that I was a trouble-maker, an agitator and a Bolshevik. When the radio message quoted above was handed to Mr. Hannum, he, under date of August 18th, addressed the Honorable, the Secretary of the Navy, directing his attention to the communications referred to dated July 14, 1921, set forth the two-fold objects I had in going to Samoa and stated:

I am unable to appreciate by what right or authority an American citizen, proceeding from San Francisco to Samoa on a lawful mission, should be prevented by a naval officer from landing at Samoa, and especially so, in view of the contents of your letter, in which you stated that your department did not anticipate that he would be molested in any manner, by the government officials, while in the performance of a lawful purpose, all of which was clearly made known to your department previous to Mr. Ripley's departure. It is of great

importance that Mr. Ripley be permitted to land at Pago Pago upon the return of the S. S. Sonoma from Sydney and be permitted to attend to the business he went to Samoa to transact. I, therefore, respectfully, but urgently request you to radio instructions to the naval officials at Samoa to permit Mr. Ripley to land and pursue his lawful business while on the Islands, and likewise urgently request you to radio the same to Mr. Ripley, on board the S. S. Sonoma, and wire me at my expense your decision, so that I may be governed accordingly.

May I ask immediate action in the matter so that your order will reach the naval officials at Samoa and Mr. Ripley in time to catch the S. S. Sonoma on her return voyage, due to sail from Sydney August 21st? Mr. Ripley and the writer acted in good faith and incurred a large expense for his trip, and it would be a great injustice not only to us but others, if we are prevented from transacting our lawful and rightful business, and it is difficult to see why a naval official should interfere with an American citizen who is lawfully pursuing a lawful business.

Under date of September 2nd, the Secretary of the Navy wired Mr. Hannum as follows:

Referring to your letter August 18th subject Samuel S. Ripley prohibited landing American Samoa August 14th: I have given full personal consideration to this matter after communicating by despatch with governor American Samoa and am convinced that department should not interfere

with governor's authority and action in this case.

SECRETARY OF THE NAVY. To this Mr. Hannum replied by telegram as follows:

Telegram re Ripley landing at Samoa received—in view of proclamation July 27th cannot understand why Ripley should be denied landing on private business on return from Sydney September 6th—you being advised of his intention before sailing, making no objections—urge that you radio Evans to permit landing.

C. S. HANNUM.

The proclamation of July 27th, above referred to, was a document published by the Commandant on that date, and signed by only a few chiefs (some of whom were compelled to sign by force), stating that they were well pleased and satisfied with his administration of Samoan affairs. Subsequently, a petition addressed to the President of the United States and the Secretary of the Navy, prepared, circulated and signed by more than three hundred high and hereditary chiefs and talking chiefs, including some of those who signed Mr. Evans's proclamation, protested against the proclamation so issued by the commandant, and the methods employed by him in procuring signatures, and unqualifiedly asserted that every statement having to do with Samoan affairs made in the document compiled by me and addressed to the President of the United States and presented in Washington by Mr. Hannum, was true, and urgently requested the President and the Secretary of the Navy to give credence to my statements and act upon them. If the statements contained in the Proclamation be true, then I contend that the Commandant had no valid reason for preventing my landing and pursuing my lawful way; and if the Samoan people are satisfied with conditions as they now exist under the present administration, it would have been a pleasure for me to extend my hearty congratulations to

the Commandant. In view of the situation, as herein presented, it must be apparent to every fair-minded reader that the Commandant knows that the Samoan people are not satisfied with his administration of Samoan affairs.

The Secretary of the Navy did not act upon the request of Mr. Hannum's telegram. When we reached Pago Pago on the morning of September 6th on the Sonoma's return from Sydney, I asked the officer on the dock if I could go ashore and he said, "No, the governor will not allow you ashore." So then I asked if permission could not be given for some of my family to come on board the steamer to see me. He said, "All right, I'll see." Later, my brother, two sisters and a niece were brought aboard to see me and a police guard was stationed with us with strict orders that no papers should be passed or any conversation on Samoan matters permitted, after, two more policemen were put on board and a boat patrolled the bay on the port side of the steamer during the time we remained in port. Again after we left Pago Pago, the passengers repeated statements made to them by naval officers saying that I had stirred up trouble in Samoa last year. Such statements, if made, were unqualifiedly false; the fact is that I had nothing whatever to do with the naval controversy existing on the islands, which began previous to my arrival and continued after I left.

I wish it to be known that it has at all times been my sincere and earnest wish, as well as the desire of the Samoan people that peace shall at all times prevail on the islands, that the people be encouraged and assisted in acquiring a cultural and vocational training, that the natural and varied resources of the islands be developed and acquire that commercial importance which they are justly entitled to. The Samoan people are loyal to their government and have taken a deep interest in the United States and craved its aid and assistance; they appreciate fair treatment and know when they are wronged and oppressed. Those of my people who have secured an opportunity to get away from the islands have made good citizens, good artisans, good soldiers and good housewives. And it is my earnest hope and desire as well as the desire of my people, that those who remain on the islands shall be given a chance to acquire a cultural education and vocational training, that they may likewise become good citizens, good artisans, good housewives and, if necessary, good soldiers. I claim for my people that they, like all other people,

Reward Offered to Stop S. O. Robberies

Standard Oil employees and officials received notice yesterday that a reward of \$100 had been offered to any one apprehending a person holding up or burglarizing a service station of the company.

The reward is offered as the result of many service station robberies in recent months, although the holdup men are not getting much for their pains, as the company does not keep large sums at the stations.

are "endowed by their Creator with certain unalienable rights of life, liberty and pursuit of happiness," and that no government should be instituted among men except with their consent. I earnestly contend that the Divine Father of men never intended that the Samoan people should be exploited by the white race for personal gain, nor were they created to be governed and controlled by a naval absolutism or subjected to the rapacity of naval officials or their civil appointees. The time has now come when as an American citizen of Samoan birth, I call upon the American people to aid and assist me in righting the wrongs that have been committed against my people and to tear down the wall of naval absolutism which surrounds them.

(The next installment of the Ripley story will appear in the Record-Herald tomorrow morning.)

This is the Way to Make Every Buy a Bargain

BUY advertised goods. Only good goods, fairly priced, can stand the spotlight of publicity.

A merchant or manufacturer would not dare to advertise merchandise that is poor in quality, poor in make or that will not give reasonable wear. The penalty of such tactics is too heavy. No goods—and no business concern—can thrive under the weight of public condemnation.

A merchant places the whole reputation of his business at stake every time he advertises. Naturally enough, he is careful of what he says and when his statement is placed in the newspaper—where everyone in town may read—so that untruth in it will be known to all of his employees and most of his friends—then you may be sure he is doubly careful.

When you buy advertised goods you get a bargain because they must be as advertised.

So it pays you to read advertisements. Advertising protects you.

Read the advertisements in this paper and get the best of the bargain.

NONE BETTER Foley's Honey and Tar

is an old reliable family medicine for the relief of cold, cough, spasmodic croup, tickling throat, hoarseness, whooping cough, bronchial cough and the croup that lingers after the "flu". Made of clean, wholesome and tasteful pine tar and demulcent honey of the bees. Contains no opiates.

Mr. E. M. Smith, 20 Howard St., New London, Conn., writes: "When I feel a cold coming on I go right to taking Foley's Honey and Tar. I have used it for a number of years and always with good results."

Less Meat if Back and Kidneys Hurt

Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.—Adv.

The most precious thing in the world

Think what this world would be without confidence that the sun would rise tomorrow!

Without confidence in the order of things, in our fellow men, in our institutions, chaos would reign in the world. There would be no security, no progress, no happiness. Confidence is essential to all that is worth while.

Years of satisfactory experience with Red Crown gasoline have given the motoring public confidence in "Red Crown." They know that with "Red Crown" in the tank they have high-quality motor fuel, and that from it their engine will deliver its maximum power and mileage.

"Red Crown" is available at Standard Oil Service Stations, garages, and at other dealers.

Look for the Red Crown sign before you fill.

Bandit Gang Revisits Daisy Farm Inn; Cutting Wounded

Police and deputy sheriffs of the East Bay section, who are combing the entire district for the three bandits who Sunday morning held up the Daisy Farm Inn, near Hayward, yesterday expressed the belief that they were members of the same gang that held up the Inn on September 9. H. C. Cutting, large landowner in Richmond, proprietor of the Daisy Farm Inn, was seriously wounded in a battle with the thugs.

Cutting, who was shot down after he drew his own pistol and fired several rounds at the gunmen, was removed to a hospital, where it was said he would recover. He was shot twice, once in the right thigh and once in the right leg.

The robbery occurred just as Cutting was closing the establishment.

The three men had eaten dinner late Saturday night, and left the Inn. Just as Cutting was leaving with the receipts of the establishment, some of which were on his person and some in a tin cash box, the bandits re-entered the place and drew revolvers, commanding him to "hand over." Instead Cutting drew his own revolver and opened fire. The fire of the bandits struck the proprietor.

The gunmen took the cash box, containing \$40 and some non-negotiable checks amounting to several hundred dollars. The money on Cutting's person was overlooked.

The police believe that the men who held up Cutting are the same ones that have been operating extensively in the East Bay Section, perpetrating numerous robberies in El Cerrito, Ber-

Wallin Funeral at Wesley Church Wed. Afternoon

After an illness of some months duration, Mrs. Gustava Wallin passed away at her home at 684 Sixteenth street Sunday evening. The funeral will be held Wednesday afternoon at 2 o'clock from the Wesley Methodist church. The funeral services will be conducted by Rev. Paul Pittie, assisted by Rev. Frank Linder, formerly pastor of the church.

Deceased had resided in Richmond for the past ten years, and her death will be mourned by a large circle of friends. She was a devout Methodist and one of the most active workers in the church.

Surviving her are a husband, J. O. Wallin, and the following children: Albert E. Wallin, Mrs. Ernest Coffelt, and Mrs. G. W. Alt of Oakland, G. P. Wallin and M. A. Wallin of San Francisco and Abel E. Wallin of Richmond.

Funeral arrangements are in charge of the undertaking firm of Wilson & Kratzer.

Keyes Albany, Hayward and elsewhere.

5 Permits for Soft Drinks Are Granted

Soft drink and tobacco store permits continue to occupy a portion of the time of the council at each of its meetings. These places are apparently becoming very popular.

Action taken on different applications were as follows:

Mrs. Marion Campbell, soft drinks at 2209 Macdonald avenue; granted. Herman Schroeder, soft drinks and tobacco at 518 Macdonald avenue; granted.

M. J. France on Potrero, near Forty-ninth granted a gratuitous license to sell ice cream and notions, the applicant stating he was unable to make a living otherwise.

Application of F. D. Butts for a soft drink and tobacco permit at the Butts ranch, near San Pablo, granted. The transfer of the tobacco and soft drink permit at 1118 Macdonald avenue to Frank Cheek was granted.

Commission is to Hear Albany Bus Case on Thursday

City Attorney D. J. Hall announced yesterday that the State Railroad Commission will hold a hearing on the Richmond-Albany bus line cases at the city hall here next Thursday morning at 10 o'clock, according to a notice received by him. Hall is acting as attorney for Gus Eppson, and Rudolph Bards, the two Richmond men who have petitioned the railroad commission for permits to operate bus lines between Richmond and Albany.

Since the Western Motor Transport has ceased to operate between Richmond and Albany, this city is without adequate accommodations for making connections with the Southern Pacific trains at Albany, and accordingly the city council recently passed a resolution urging the State Railroad Commission to hasten its action in the matter. Certificates of necessity and convenience have been filed by City Attorney Hall.

Third Arrest Made In Case of Sailor

The third arrest in connection with the case of Carl Anderson, Norwegian sailor who exhibited pugnacious spirit on Macdonald avenue last week, was made yesterday when A. J. Cuchey was taken into custody on a charge of disturbing the peace. Cushman is alleged to have assisted in creating a disturbance over the way the sailor was arrested. C. F. Luskowski, a tramp printer, was arrested on the same charge last week.

Child Welfare is Subject Richmond Club Discussion

The Richmond club's meeting yesterday, being the first meeting of the month, was largely devoted to business, after which the meeting was turned over to Mrs. Billy Brown, who had charge of the child welfare program of the day.

Three excellent papers were read. One, by Mrs. G. E. Milnes, was on "Psychology in Child Welfare;" one by Mrs. J. T. Conwell, was on "The Religious and Moral Side of Child Welfare," and another by Mrs. Ruth Newcomb, on "Child Hygiene."

Mrs. Clara Wilson made a most interesting report of her recent visit at a luncheon given at the White Lunch ranch at Dublin, where Mrs. W. A. Fitzgerald, president of the State Federation of Women's Clubs, was the guest of honor. Other distinguished guests at the luncheon were Dr. Aurelia Reinhardt, president of Mills College, Mrs. McCauley, also of Mills College; Anna Adams, former assistant United States attorney general, and Dr. Bertola, chairman of the Woman's Vigilant committee of San Francisco.

Musical Program is Planned for Elks

Important business will be transacted by the Richmond lodge of Elks at its meeting tonight, including changes in the constitution as voted by the grand lodge of Los Angeles. A musical program arranged by Percy Neale as chairman of the entertainment committee will be given, and a talk from Hiram E. Jacobs, new district deputy, is to be heard.

Plans will also be made for the trip of the lodge delegates and visitors who are to attend the state convention at Santa Cruz on Thursday, Friday and Saturday.

MIRAMAR SEWING CLUB

The sewing club of Miramar Chapter, O. E. S., will meet tomorrow afternoon at the home of Mrs. R. J. Gasser, 113 Thirtieth street.

Maple Camp, R.N.A. Plans to Take Part in Special Meeting

Maple Camp, Royal Neighbors of America, met in regular session at Pythian Castle last evening, with Oracle Elizabeth Bennett in the chair, and furthered its plan for participation in the school of instruction to be held October 28 at Pythian hall, Twelfth and Alice streets, Oakland.

Next Monday evening all officers of the camp are expected to be present to practice for the work which will be put on at the school of instruction.

Mary Ralsen was chosen chairman of a committee to plan for an entertainment to be held soon. The committee is not as yet complete.

New Club House Is Opened With Good Crowd of Visitors

The new club house which has been fitted up at the Butts mansion to be operated in conjunction with the new Contra Costa coursing park, opened Sunday with a good crowd present from San Francisco, Oakland and other East Bay cities.

This new catering place, which is making a specialty of Southern chicken dinners, served by special order, promises to be a popular place for club gatherings and private dancing parties, for which it is well equipped.

War Mothers Will Not Hold Meeting Because of Trip

Because of the trip around the bay planned for the visiting delegates at the national convention in Sacramento, which will take place on Wednesday, there will be no meeting of the Richmond chapter of War Mothers this week.

The launch party will leave from Crowley's Landing in San Francisco at 9:30 o'clock Wednesday morning. Luncheon will be served on the boat, and the itinerary will include many interesting points around the bay.

Robert Baird is Buried With Full Military Honors

Funeral services for the late Robert A. Baird, Spanish war veteran and employee of the Standard Oil company, were conducted yesterday under the auspices of Dewey Camp No. 46, S. W. V., at the Curry chapel. The eulogy was delivered by Rev. H. K. Sanborn, and the beautiful flag service was given by Mrs. Kitty Tyler, by request of the camp and the family of the deceased.

Interment took place in Sunset View cemetery, where Dewey Camp accorded Baird the full military honors of burial, followed by a military salute and the sounding of "Taps" by Camp Bugler Thomas Nee.

51 ARRESTS FOR MONTH. During the month of September the police department collected \$125 in fines and made 51 arrests.
